CASBA is a wonderful advocacy charity that empowers people with Learning Disabilities to get their voices heard. We currently fund our work via trusts and grants. We need to generate non trust unearmarked income.

We are looking for our first Fundraising and Communications officer to dramatically raise our profile and generate unearmarked income so that we can sustain and develop our services.

We need someone who can start from scratch and build multiple streams of unearmarked income in the two years of the contract.

If you have this experience and want a new challenge in a fantastic community-based charity please review our work at casba.org.uk and complete the application form on the website.
