Selly Oak

Dear Mayor Richard Parker

I am just writing to say thank you for the concessionary bus passes being any time from April.

You may remember you had a meeting with myself and manager Ginny Cullen about accessibility for disabled people.

Also our Link and Ambassadors spent lot of time petitioning for the change.

Although it is disappointing we have to wait till April for the changes we are happy that it will happen and will be able use buses, trains any time.

○

It would be great to invite you into the office when Link and Ambassadors to show you the wonderful work, they do our lived experience citizens who are a vital part of CASBA.

While I am writing to you can you do something please about the Lime bikes, being abandoned on the pavements there lots of issues in my area and a danger for disabled people with visual impairment.

Yours Sincerely

Jennifer Brown
